IMPORTANT CHANGES ARE COMING TO MEDICAID

Beginning in 2027, people with Medicaid will have new requirements to keep their coverage. These changes may affect adults enrolled through Medicaid.

What Is Changing?

- **More Frequent Renewals**
  People with Medicaid will need to complete a renewal every 6 months instead of once per year.
- **New Work Requirements**
  Some adults may need to show they are working, attending school, participating in job training, volunteering, or meet an exemption to keep coverage.
- **Additional Documentation May Be Required**
  The State may ask for updated information about your income, household, employment, or eligibility.

Follow these steps to make sure you do not lose your Medicaid health insurance:

Visit medicaid.illinois.gov or call (877) 805-5312 to update your contact information.

The Illinois Department of Healthcare and Family Services (HFS) needs your mailing address, phone number and email address to contact you about your Medicaid coverage.

Check your mail for a letter from HFS

HFS will mail a letter to you about your Medicaid coverage. The letter will let you know if you need to complete a renewal form.

Complete your renewal form (if you get one).

If a renewal form is needed, fill out the form and return it to HFS right away so you do not lose Medicaid insurance.

If you no longer qualify for Medicaid, you may be able to get insurance using the Health Insurance Marketplace. This marketplace allows you to get health insurance at a lower price.

Greater Family Health Can Help

Our Health Benefits Specialists can help you:

- ✓ Understand Medicaid renewal notices
- ✓ Check if new work requirements apply to you
- ✓ Determine if you qualify for an exemption
- ✓ Complete renewal paperwork
- ✓ Explore other coverage options if needed
